

# Seeking day services and supports providers!

## Help us pilot a scale of Community Life Engagement

Does your organization provide day services and supports to people with intellectual and developmental disabilities? We need your help testing our new **Guidepost Fidelity Scale (GFS)**!

Our aim with the GFS is to help service providers better understand how their day services and supports align with the Four Guideposts for Community Life Engagement (CLE).

### Community Life Engagement Guideposts

**1**

Individualize supports for each person.

**2**

Promote community membership and contribution.

**3**

Use human and social capital to decrease dependence on paid supports.

**4**

Ensure that supports are outcome-oriented and regularly monitored.

### HOW CAN YOU HELP?

- » Identify 5 or more of your staff who are familiar with your day services
- » Those 5 staff will complete the online GFS, which should take about a half-hour per staff member to complete

### WHY SHOULD YOU PARTICIPATE?

- » Testing this scale in the real world is an essential step to making it useful for service providers
- » Your staff will gain early access to ICI's CLE Online Modules for Direct Support Professionals

If you are interested in participating, please contact Ngai Kwan:
